

# Tauranga Branch AGM

It's that time again!

Thursday, 8th July

St Johns Anglican Church Hall

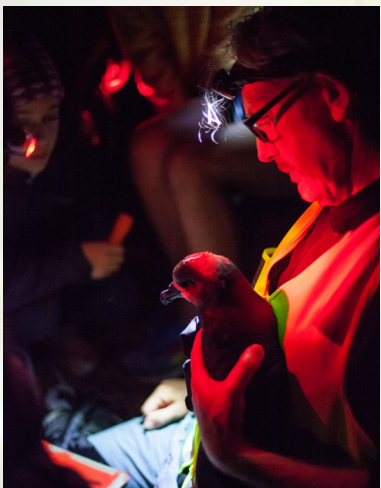

Bureta Road, Otumoetai

6.30pm doors open / 7pm meeting starts

Enjoy updates, insights and a few light refreshments.

Reconnect with fellow nature advocates.

## KIWI CONSERVATION CLUB

In May our budding Kiwi Conservationists were treated to a trip around Mauao to see Petrels up close & learn about the important mahi Western Bay Wildlife Trust do.

KCC are excited to have Liesel Carnie taking over our field trips. A massive

*Thank You to Petra Reid*

for managing this role for the past 3 years!

*Thank you* to everyone who joined us at the University of Waikato Tauranga campus on May 26th to enjoy thought-provoking insights from Dr Simon Muncaster, Dr Steve Bird & MP Angie Warren-Clark.

We learnt a lot about the future of sustainable food production & where Aquaculture fits. Dr Simon & Dr Steve explained what we have taken from the errors of the past. Their vision of the future is lit by **innovative ways to eliminate greed, operate within a circular economy** while catering to the wellbeing of these sentient fish.

Angie Warren-Clark enlightened us on her role on the Environment Select Committee and her passion for involving communities in decisions. We were warmly reminded that **the work we put into submissions on policy is valued and valuable.**

Simon Muncaster & Steve Bird
